A booth at the Trade Show

On May 1, 2 and 3 bluegrass people from many European countries and the USA will gather in 't Trefpunt, Voorthuizen, the Netherlands.

In Europe bluegrass businesses are few and far between, so everybody is always happy to find vendors of instruments, accessories, CDs etc. Bluegrass people also like to read and talk about their music, so many are interested in bluegrass magazines and associations as well. If you have something to offer in one of these areas the Trade Show is the place to be!

An ad in the EWOB Guide

EWOB sponsors

It may not come as a surprise that it takes money to make all this happen. Your financial contribution, or a sample of your product(s), could really make the difference. In return we will help you promote your business at EWOB concerts, festivals and in the EWOB Guide. Let us know if you are interested and we will happily discuss the possibilities.

Yes

I am interested in sponsoring the 11th European World of Bluegrass. Let us talk about what we can do for each other.

Additional EWOB concerts

During the European World of Bluegrass month there will be many bands available at a reasonable cost. Individuals and organizations all over Europe who put on bluegrass concerts or festivals during EWOB may have their event listed in the Guide and use the EWOB logo (please copy it from the front of this flyer or ask for a digital file). It would be appreciated if you could give a discount to EBMA members on the entrance fee. We will be glad to announce that in the Guide.

During the EWOB Festival many bands will be available to play bluegrass music in shops, in pubs, in the streets, in Voorthuizen and neighboring towns.

Yes

I would like to organize a concert or a festival during EWOB 2008, with one or more EWOB bands. I will use the EWOB 2008 logo and promotional possibilities in the EWOB Guide.
